
Ramy Khaled Abougreda

Mathematics Teacher

PERSONAL INFORMATION

Address: 3900 Geraedts DR, Windsor

Mobile Number: (289) 888-5887

Email: ramyabougreda@yahoo.com

Date of birth: October 19, 1997

Nationality: Egyptian

PROFILE

A highly motivated and enthusiastic Math teacher with 7 years of experience in delivering engaging and interactive lessons to students as a private teacher. Possess a deep understanding of mathematical concepts and theories, and able to make complex topics accessible and easy to understand. Committed to helping students achieve their full potential and fostering a love of mathematics for all of them. I ignite a passion for mathematics in students by demonstrating its elegance and real-world applications. I empower them to see how mathematical thinking is a cornerstone of personal and societal development, unlocking potential in every aspect of our lives.

EXPERIENCE

- Professional math teacher in Bloom tutoring Canada (2024 – present).
- Online tutor for Bachelor's degree mathematics in Saudi Arabia (2021 – present).
- Bachelor's degree mathematics tutor (2017 – present).
- Private high school tutor, tailoring lessons to individual learning styles and improving their performance (2017 – 2024).
- Teacher of some mathematics subjects such as abstract algebra and analysis for the master's level (2019 – 2020).
- Business mathematics tutor, helping students apply mathematical principles to real-world business scenarios.
- Mathematical statistics methods tutor breaking down advanced statistical concepts and fostering analytical thinking.
- Volunteer lecturer on campus for 6 years delivering math lessons to support students.

EDUCATION

- **Bachelor's degree in Mathematics 2017 - 2023**
Zarqa University, Zarqa, **Jordan**
- **Post Graduate Certificate in Business Analytics**
St. Clair College, **Canada** (in progress)

COURSES AND BOOKS

- Data wrangling by R programming language (course)
- Linear regression in python (course)
- Extensive MBA 132-hours by Udemy (course)
- Principles of data visualizations in Tableau (course)
- Basics of SPSS Modeler (course)
- Preparing educational tools by Aanaab (course)
- Teaching mathematics effectively by Aanaab (course)
- Emotional intelligence by International Training Group (course)
- Influence: how to influence people ethically (book)
- Insights from Brain Science to Make Your Message Stick (book)
- To Sell Is Human: Surprising Truth about Moving Others (book)

SKILLS RELATED TO EDUCATION

- Deep understanding of mathematical concepts
- Machine learning algorithms mathematical concept understanding
- R and Python programming languages
- Google sheets and Excel skills
- Proficiency with the Zoom platform

SKILLS

- Passion for teaching and learning.
- Everyday learn new things.
- Critical thinking and problem-solving.
- Collaboration and teamwork.
- Time Management.
